THOUSANDS GATHER TO SEE SHIPWRECK AT SAN FRANCISCO

One Spectator Dies of Heart Attack and Two Others Injured Viewing Freighter Ashore at Golden Gate—Hopes Fade for Refloating Ohioan As Three of Her Holds Are Flooded

SAN FRANCISCO, Oct. 8 (AP).—A shipwreck within a stone's throw of a famous San Francisco landmark drew thousands of persons today to the south shore of the Golden Gate, where the freighter Ohioan wedged herself between two rocks and apparently was losing a battle to survive.

The ship crashed into the foreshore rocks while trying to grope her way in through the gate heads. Coast guardsmen threw three lines to her from a 250-foot cliff offering an ideal view of the sea and the rocky shore.

POLICEMEN CALLED
The box office appeal was enormous. Policemen had to be called out to handle the crowds. Within full view of the wreck, newsboys sold papers telling the story.

Robert Dodd, fifty-five, a spectator, fell dead from a heart attack. Mrs. Elizabeth Knowles, fifty-two, fell and received a broken ankle. Miss Beale, thirty-three, slipped twenty feet down the cliff, but stopped her fall at the foot of a fractured rock.

LIFTS LIKE CURTAIN
Fog was so thick during the early morning that the stricken vessel could not be seen from shore, only a few hundred feet away. It lifted, curtain-like, as the sun warmed the air.

Coast guardsmen reported three holds flooded, with twenty feet of water in the engine room. They said the chances of salvage were slight. The crew of forty-two was believed to be in no danger, but the lines were left up in case removal was deemed necessary.

BRINGING PEACE BY FAIR WORDS

Compliments End Parley of China's Dictator and Japanese Ambassador

NANKING, Oct. 8 (AP).—An exchange of compliments between China's dictator, Gen. Chiang Kai-shek, and Japanese Ambassador Shigeru Kawagoe, viewed here tonight as a harbinger of peace in the Orient.

After they ended a two-hour conference, the Japanese Embassy said Chiang has expressed "deep regret" over the recent killings of Japanese in China and Kawagoe said he was "impressed with Chiang's sincerity."

COMPLIMENT RETURNED
Chiang issued a communique applauding Kawagoe's "spirit," which he said raised hope that the crisis could be solved "without resort to non-diplomatic measures."

(At Hankow, however, Japanese naval authorities took drastic "precautions" against a possible new incident when a "dud" bomb was discovered in a Japanese bookshop in the former British concession.)

The statement issued by the Japanese Embassy after the meeting said Kawagoe told Chiang the epidemic of slayings, which Japan viewed as a result of government-fomented anti-Japanese sentiment, was "having serious repercussions on Sino-Japanese relations."

DEMANDED GOOD FAITH
It said Kawagoe demanded that the Chinese Government show "good faith" in dealing with the cases.

Chiang's statement stressed other points of issue, mentioning his insistence that Japan recognize China's territorial integrity.

Observers felt, however, both sides had indicated the tension was relaxed, and a basis had been found for peaceful negotiations.

Rattlesnake Is Killed by Mouse

WALSBURG, Colo., Oct. 8 (AP).—A rattlesnake, captured at the L. A. Busch ranch for high school science classes, died very well on a diet of a mouse every two weeks until it was given a particularly agile one.

The mouse, Mrs. Busch related, kept dodging the snake's fangs until it was down, then nibbled off its rattles and killed it.

Young Winnipeg Romeo Causes Consternation in Small Hours

WINNIPEG, Oct. 8 (AP).—A three-year-old Romeo went looking for his Juliet early today, thereby sending Winnipeg's police force on a hunt for kidnappers. It was 2 a.m. when Mrs. John J. Hambley awoke to find a light-burning in the bedroom of her son, Bryan. The crib, in which he had been tucked several hours previously, was empty.

Police were quickly on the scene. Cruiser cars sped through the neighborhood. At the height of the disturbance, in walked Bryan, clad in pyjamas. He had, he laconically told anxious questioners, been out to visit five-year-old Margaret Henry, who lived a street or two away. Today, the young sweethearts refused to talk for publication.

Urges Survey Be Made of Canada's Mine Resources

Mining Engineer Tells Convention Much Said and Written on "Inconceivable Wealth" Is "Trash"
—Says Majority Have Misconception Regarding Pre-Cambrian Shield

VANCOUVER, Oct. 8 (AP).—To describe Canada's mineral resources as "inconceivable wealth" was "nonsense," C. M. Campbell, retired Vancouver mining engineer, told a meeting of the British Columbia Division of the Canadian Institute of Mining and Metallurgy today and referred to statements attributed to high Government officials, writers and even members of his own profession as "trash."

"Statements from men in high office are taken at their face value, and on the strength of them and many more like them we have planned and built at huge expense," Mr. Campbell asserted.

"As a consequence," the retired engineer said, "we are faced with interest-bearing debt aggregating approximately \$10,000,000,000. The time has come to start paying back, and we are in distress."

MARKET VALUE OF MINES
Pressing his advocacy for a resources inventory of the Dominion, the speaker stated that all the worth-while mines in Canada show a market value at present of about \$2,000,000,000.

"This," he said, "may appear large, but from a comparative point of view, it is very small, for it would be a very small part of the total value of the Dominion."

VANCOUVER MILL SWEEPED BY FIRE
Loss Estimated at \$40,000 When Lumber and Shingle Plants Are Destroyed

VANCOUVER, Oct. 8 (AP).—Damage estimated at \$40,000, was caused today by a fire of unknown origin which destroyed the lumber and shingle plants of the Johnson Sawmill, Ltd., on the Fraser River.

Firemen fought the blaze for an hour and were forced to send in a second alarm before bringing it under control. They managed to save the planing mill, boiler and house and office building.

It was understood the shingle plant was the only part of the mill in operation.

British Officials Anxious To Prevent Recriminations

BERLIN, Oct. 8 (AP).—The German Foreign Office tonight attacked the Russian demarche in London as an attempt to save a "Comintern venture" in Spain. A Foreign Office statement said the Soviet Government, by throwing its weight against the Spanish insurgents, hoped "to rescue the revolutionary capital invested in Spain by the Comintern."

GIVE THANKS FOR ESCAPE
Wind Turning Flames Near Famous Shrine Keeps Church Safe

STE. ANNE DE BEAUPRE, Que., Oct. 8 (AP).—On steps leading to the Hillside Shrine where hundreds of thousands of pilgrims have prayed to be cured, bareheaded villagers offered their thanks tonight for the wind that protected their valuable church property from flames which destroyed forty-three buildings with a loss of \$325,000.

A heavy smoke pall still lingered above the historic shrine but all ready plans were being made to rebuild the hospital, hotels, boarding houses and frame homes that fell prey to the early morning flames.

SWEETS HIGHWAY
Believed to have originated from faulty wiring in a hotel kitchen, the blaze swept through buildings on both sides of the highway leading to the historic shrine, which legend says was founded in 1550 by shipwrecked Breton sailors, and the incomplete basilica, which already has cost \$1,000,000.

Winds that blew the flames through the business section swept them away from the great stone cathedral, where more than 600,000 persons registered as visitors this year.

For nearly six hours the villagers and firemen struggled to subdue the flames, and it was nearly noon before firemen said the fire was under control; even then fire still burned in the debris-filled foundations, but the wind had died and the danger of flying sparks gone.

HEARSE DRIVERS STAGE WALKOUT
New York Funeral Processions to Be Given Police Escorts Against Pickets

NEW YORK, Oct. 8 (AP).—Police escorts for funeral processions were promised by city authorities today as hundreds of hearse drivers went on the picket line.

Health Commissioner Rice pointing out it was a misdemeanor to obstruct or delay a funeral, said: "There will be adequate police protection in order that there will be no interference with the proper disposal of bodies."

He estimated there are 200 deaths a day in New York City.

Members of the Funeral Chauffeurs' Union voted at a stormy meeting last night to walk out in a demand for a \$5 weekly pay rise. The present minimum wage is \$30 a day.

French Gold Reserve Increases by \$360,000,000—Italy, Switzerland and Holland Benefit Greatly by Monetary Changes

PARIS, Oct. 8 (AP).—For the second time since devaluation of the franc, the Bank of France cut its discount rate today, announcing at the same time an increase of 7,000,000,000 francs (\$359,424,000) in the value of its gold reserve.

The discount rate was cut from 3 to 2½ per cent on thirty days' loans, and from 4 to 3 per cent on advances against securities. The thirty-day rate had been cut from 5 to 3 per cent last week when operations were resumed on the Bourse.

The reduction was made to stimulate late flow of capital into commercial and industrial enterprises.

The increase in the national gold stock was announced in the first

CREATING DANGER

The spokesman expressed the Foreign Office's view as believing that the powers had at least been successful in localizing the Spanish conflict, but that Moscow's move "which thinly veiled a threat of official intervention in Spain" created danger of the very complications which the non-intervention agreement was designed to prevent.

The spokesman expressed astonishment that the Soviet Union, "of all powers," should feel itself competent to appear in the role of a denouncer. It was, he said, "hardly sincere" that Soviet Russia should "accuse other states of doing what it itself has long been doing."

"The whole world," he declared, "understands perfectly Moscow's interest in the bolshevization of Spain."

LONDON, Oct. 8 (AP).—British officials strove tonight to quiet Russian outburst against Germany, Italy and Portugal, in which the Soviet Government charged those countries with aiding the Spanish insurgents.

WILL NOT COPY BRITISH SYSTEM

Head of Radio Corporation Says Plan Will Be Distinctly Canadian

QUEBEC, Oct. 8 (AP).—Problems of Canadian radio are different from those of Great Britain and must be met "in a distinctive Canadian way," Major W. Gladstone Murray, newly-appointed general manager of the Canadian Radio Corporation, said today upon arrival here from England on the liner Empress of Britain.

"The Canadian Radio Broadcasting Corporation will not be a copy of the British Broadcasting Corporation, as has been suggested by many people," the former director of public relations and assistant controller of programmes for the British Corporation, said.

SCATTERED POPULATION
"In Great Britain for instance, the population is concentrated in a small area. Here we have a smaller population, more widely scattered, and with a diversity of race. In my opinion the racial diversity of Canada will make a richer culture."

Major Murray said it was a thrill for him to be called to do "a tremendous job of work," and hoped "we shall be able to make Canadian radio the best in the world."

ABANDONS PLANE TO OCEAN WAVES

Attempt to Salvage Machine of Swedish Flyer Off Irish Coast Results in Failure

VALENTIA, Irish Free State, Oct. 8 (AP).—Chained off victory but uninjured, Kurt Bjorkvall, thirty-one, Sweden's trans-Atlantic flyer, was en route tonight to La Rochelle, France, aboard the French trawler Imbrin.

Bjorkvall abandoned his big red and blue Bellanca plane to choppy seas—100 miles off the west coast of Ireland, where he was rescued yesterday after being forced down 1,000 miles short of his goal on the 4,500-mile hop from New York to Valentia.

The Imbrin, which spotted Bjorkvall's plane wallowing on a moonlit sea late yesterday, set out for her home French port after the crew had failed in attempts to salvage the plane.

The Imbrin is due at La Rochelle early Monday.

Mayor Leeming Well Satisfied With Discussions With Banking Circles in London—Attend Farewell to Children Coming to Fairbridge

By THOMAS T. CHAMPION
Canadian Press Staff Writer

LONDON, Oct. 8.—Both Mayor G. G. McGeer of Vancouver and Mayor Leeming of Victoria today continued their round of talks with Government and financial authorities.

Mayor McGeer in an interview with Sir Edward Crowe, Minister for Overseas Trade, concerning the possibility of a British Empire Fair in Vancouver in 1939, said: "I am more than surprised at the substantial nature of the recovery in Britain."

Vancouver's mayor said in an interview: "Even if there is danger of a world upheaval people here show no fear and believe no situation will develop which they are unable to tackle."

TO VISIT PETERSHAM

McGeer will spend tomorrow at Kings Lynn, Norfolk, where the father of Capt. George Vancouver was born. On Sunday, accompanied by the mayor of the neighboring borough of Richmond, he will attend a service at Petersham Church, where Vancouver is buried. He will attend afternoon tea with the Lord Mayor of London at St. Paul's Cathedral.

McGeer plans to leave for Canada October 21.

Mayor Leeming declared he was well satisfied with discussions with banking and general financial circles so far as they had developed. He will visit Birkenhead tomorrow to meet relatives.

FAREWELL TO CHILDREN

Both Canadian mayors attended a farewell at British Columbia House to twenty-eight children sailing tomorrow for the Prince of Wales Fairbridge Farm School on Vancouver Island. The majority are from the Tyneside, where the governmental commissioner for the distressed areas extended help towards their passage and other expenses. Another party will leave in a fortnight.

Mayor McGeer attended a meeting of the Common Council, governing body of the city of London. He was warmly greeted by the Lord Mayor, Sir Percy Vincent, and the members.

McGeer presented the city with a record of the visit of London's Lord Mayor to Vancouver. He said the visit had "done more to cement the feeling of kinship between Canada and Britain than any event since the war."

McDonald, chairman, who pointed out the necessity of having more and better roads on Vancouver Island to attract the tourist trade that Nanaimo would have to lead on in the years to come, the Premier replied that his Government was sympathetically inclined to the necessity of good roads, not only in this district, but all over the province, and he promised the very best consideration would be given as far as finances permitted.

He predicted that when the available timber on the West Coast of the Island was made accessible, that portion would become a veritable beehive of industry and importance.

Two Charged Under Narcotics Act Alter Their Plea to Guilty

Vancouver Italian Alone of Four Defendants Continues to Deny Guilt in Conspiracy to Distribute Drugs—Admits Bootlegging

VANCOUVER, Oct. 8 (P.)—Joe Ferraro, forty-one-year-old Italian, took the witness stand in his own defence in Assize Court today, the last of a quartette to cling grimly to a plea of not guilty on charges of conspiracy to distribute narcotics.

A SUDDEN CHANGE—Shinichiro Hikida, another accused, suddenly changed his plea to one of guilty and was quickly followed by Tadashi Furumoto, Japanese, by the third Japanese member of the quartette, Kazuo Yoshida. Both were remanded for sentence. Today, after days of argument on a plea of not guilty, Ferraro said his house here was a

bootlegging establishment, but denied any knowledge of drug transactions. Hikida and Furumoto were friends who visited his house, he said.

NO TALK OF DRUGS—Carmelo Ferraro, wife of the accused, took the stand in her husband's defence. Married to Ferraro for fifteen years and the mother of three children, she said she had never heard her husband talking of drugs.

In explaining a card which Royal Canadian Mounted Police officers found when the arrests were made and which bore the telephone number of Hikida, the woman said Hikida had been called upon to transport their furniture when they moved recently.

Ferraro, the woman said, has not worked for the past four years. The case will continue tomorrow when it is expected the defence will wind up its case.

RELIEF GRANTS ARE CONTINUED

Province Assured of \$200,825 Monthly From Ottawa To End of Year

Under an arrangement announced from Ottawa this week, British Columbia will continue to draw \$200,825 monthly as a relief grant from the Federal Government, provincial relief officials confirmed yesterday. The agreement will continue for the months of October, November and December, and in addition to Federal advances in connection with highway construction directly and indirectly carried on within the Province.

Under Federal plans a fresh relief census is being taken in the Province, but may require some weeks to complete. Relief rolls have been lessening gradually, from a total enrolment including dependents of 128,000 persons in 1933 to some 68,000 individuals in recent reports.

SAYS SOVIET TRYING TO SAVE ITS STAKE

Continued from Page 1

Russia's demarche, delivered Wednesday, was a follow-up to specific charges made to the neutrality committee a week ago. An earlier note suggested "an impartial committee should be sent to the Spanish-Portuguese border to investigate on the spot the true state of affairs there."

REASONABLE PRESUMPTION—The note said Russia had evidence which "affords reasonable presumption that Portugal has committed a breach in the non-intervention agreement."

If the three countries named by Russia should report at Friday's session of the non-intervention committee in London, many persons believed, one of the gravest situations since Germany defied the Locarno Pact might be created. British officials expressed greatest

anxiety lest the Russian note result in a showdown between Fascism and Communism. Recriminations at Friday's session irritated British officials, who said the pact signatories were pledged from the beginning to work privately.

PREMATURE PUBLICITY—The "premature publicity" given Russia's charges outside the committee sessions irritated British officials, who said the pact signatories were pledged from the beginning to work privately. The Soviet demarche declared Russia would "abandon the Non-Intervention Pact unless Germany, Italy and Portugal ceased aiding the Spanish insurgents."

If the Soviet Government is only "bluffing," informed observers said, a long period of diplomatic bickering is ahead. On the other hand, if the Kremlin meant business, it was said, and intended to back up the Madrid Government with guns and planes, Europe was faced with crisis.

CONSCIOUS OF DANGER—Neville Chamberlain, Chancellor of the Exchequer, told a delegation of Labor leaders today he was "fully conscious of the dangers surrounding the situation" and promised the neutrality committee would "ventilate" the Russian charges. Foreign Secretary Eden abruptly closed his Monaco vacation and hurried home to take charge of the Foreign Office. He was to appear on Friday with Premier Blum in Paris for a "possible concerted action if a crisis should arise."

TO MASK INTENT—ROME, Oct. 8 (CP-Havas)—The newspaper Tribune charged tonight Moscow's accusation of aid given the Spanish insurgents by Italy masked its own intent to extend the help already given the Madrid Government.

"Bolshevik leaders consider it urgent to intensify their aid to the Spanish Communists," it declared. "For this they seek means to rupture the non-intervention agreement." Unofficial but well-informed sources remarked that any accusation of intervention made against Italy could be countered by a dossier showing how other powers have helped Madrid, but this method of recrimination would be regarded here as regrettable and dangerous.

NOT SENDING MUNITIONS—MOSCOW, Oct. 8 (P.)—The Kremlin, informed sources said tonight, has not yet decided to send munitions to Spain to aid the Spanish Government against the insurgents. Nevertheless, reliable informants said, the Kremlin was under considerable pressure and having difficulty restraining a wave of sympathy for Spain which has developed during the last three months.

The Government continued mass meetings of workers for donations to be sent to Spanish women and children, but in many quarters "air-purges" and not apples bombs and not bluffs were demanded for the Spanish "popular front."

The Government tonight denied it had acted precipitately in issuing its threat to abandon the neutrality pact unless Germany, Italy and Portugal ceased actively aiding the insurgents. A Government spokesman said the demarche had been decided

upon only after the situation had become "intolerable" through continued intervention on behalf of the insurgents.

which, 10,000,000,000 francs was earmarked for the stabilization fund. Italy's increase was figured at between 1,000,000,000 and 2,000,000,000 lire. Switzerland gained about 600,000,000 Swiss francs, and the Netherlands approximately 175,000,000 guilders. Other nations profited to a lesser extent.

Of the 7,000,000,000 franc increase announced today by France, 3,000,000,000 is to be used to permit a reduction of interest on mortgage loans made through the land banks.

SHORT LIST AT FALL ASSIZES

Court Will Open in Victoria On Tuesday Morning Next

Criminal assizes will open here in the Courthouse on Tuesday morning at 11 o'clock, with Mr. Justice H. B. Robertson presiding. The sitting will be short, it is expected, M. B. Jackson, K.C., will be in charge of the Crown's cases.

Herbert N. Osgood, who is being defended by Herbert W. Davey, will face a charge of manslaughter. This case is one that arises out of the death of Eugene Roisin on the morning of September 5, when the car driven by the accused ran into a telephone pole on the Esquimalt Road.

A second criminal case set down for the coming sitting is one in which William Martin James is charged with having wounded his wife, Florence James, in Saanich with intent to murder her. The alleged offence took place on September 14. The defence is in the hands of William C. Moresby, K.C.

The accused is at present undergoing medical attention and it is possible a traverse of the case to the Spring assizes may be asked by the Crown.

THE FORT THAT STEELE BUILT

ONE of Canada's most distinguished soldiers was Sir Samuel Benfield Steele. His period of active service dates back to the Fenian Raids and extends throughout the Great War, thus covering more than half a century. Steele took part in the suppression of both the Red River and the Northwest Rebellion of 1885. During the South African War he commanded Lord Strathcona's Horse, while from 1914 to 1918 he held an important post as head of the great camp at Shorncliffe, England.

In Canada however "Sam" Steele is remembered also as an important figure in the early story of the Royal Northwest Mounted Police. Joining that famous force at its inception in 1873, Steele held many vital commands, including that of the mountain-passes during the Yukon gold rush. It was his training with the police that fitted him so perfectly for his work in South Africa, where he remained for a time after the war as head of the Constabulary. Steele's name has been preserved on Canadian maps in Fort Steele, by the Kootenay River in southeastern British Columbia. The site brings back memories of turbulent frontier days.

The Historic Sites and Monuments Board of Canada has erected a cairn at Fort Steele which bears the following inscription: "The first Northwest Mounted Police fort in British Columbia. It was built in 1887 by Superintendent 'Sam' Steele (afterwards Major-General Sir Samuel Benfield Steele K.C.M.G., C.B. M.V.O.) with transporters Z. T. Wood, C. P. A. Huot, Surgeon P. H. Powell, and the men of 'D' Division. The presence of this famous force, acting under the able and tactful command of Steele secured peace and order in the country at a critical time."

Ordano-Kilby Wedding Celebrated Last Night

Centennial United Church Is Setting for Attractive Ceremony—Couple Will Make Their Home in Vancouver

Centennial United Church was seasonably decorated with a profusion of autumn flowers in pastel shades last night for the wedding of Elsie Myra, elder daughter of Mr. and Mrs. W. J. Kilby, 3316 Glasgow Avenue, and Mr. Frederick Alfred Ordano, son of the late Mr. and Mrs. J. B. Ordano, Cowichan Bay, which was solemnized at 8.30 o'clock, Rev. Andrew D. Reid, D.D., officiating.

Betty O'Leary, who sang "Because," Colonial posies of assorted blooms marked the guest pew.

Given in marriage by her father, the bride looked charming in an ivory satin gown, with a long train. The bodice, which was fastened down the front with tiny satin buttons, had a circular yoke, and Peter Pan collar, of piped satin, and full dolman sleeves, also fastened at the wrists with satin buttons. Her veil of embroidered net was worn with a wreath of orange blossoms, and nearly covered the train of the frock, and she carried a shower bouquet of red carnations and cream roses.

THE BRIDESMAIDS

Attending her as bridesmaids were her sister, Miss Olive Kilby, in pale green satin, and Miss Marjorie Murray in peach-satin. The frocks were fashioned alike with loose-fitting bodices, and long sleeves and Peter Pan collars, inset with lace, and floor-length bias cut skirts, closely moulded from the hips down. Their small crocheted hats matched their gowns, and were turned off their faces with rows of satin roses in the contrasting shade, and finished at the back with small satin bows. They carried sheaves of pale pink chrysanthemums and Michaelmas daisies, and yellow chrysanthemums and Michaelmas daisies, respectively.

Mr. Clifford-Sim was best man, and the ushers were Mr. Archibald McMillan, and Mr. Roy Carmie, of Vancouver.

An informal reception was held after the service in their home by Mr. and Mrs. Kilby, during which the bride and groom stood before the fireplace, which was banked with Michaelmas daisies, goldenrod and giant marigolds, the same flowers being distributed in baskets throughout the house. A buffet supper was served, and the bride cut the three-tiered cake, which stood on a small round table.

Mrs. Kilby wore for the occasion a becoming dress of deep bottle green crepe, with a yoke and sleeves with narrow stripes of net in a darker shade, and finished with a corsage spray of pink carnations and a matching hat; and Miss Angeline Ordano, sister of the groom, who helped her receive, was in a smart Lucille-Paray creation of Sultan red silk crepe, with a black tunic, worn with a black velvet turban and veil, and a corsage spray of red carnations.

TO LIVE IN VANCOUVER

Mr. and Mrs. Ordano left at midnight for Vancouver, where they will make their home, the bride going away in a black French seal overcoat over a green crepe frock, with black accessories.

Among the gifts was a standard lamp from the former fellow-employees of the bride at Ormond's, Ltd., and a dinner service from the staff of the Kilmory Furnace Co., Ltd., Vancouver.

Out-of-town guests at the wedding were Mr. and Mrs. Frank Ordano, Seattle; Mr. and Mrs. J. L. Dunlop, and Mr. and Mrs. A. D. Ordano, Cowichan Bay, and Mr. and Mrs. R. J. Perry, Miss Rose Ordano, Mr. Roy Carney, Vancouver; and Mr. and Mrs. H. H. Duncan, and Mr. and Mrs. P. Brown and son, Booke.

Anglican Young People

St. Mary's met in the hall on Wednesday evening. After the usual business, badminton and games were enjoyed. Next week's meeting will take the form of a surprise night.

Mr. and Mrs. J. Chorlton and their son, John, were the recent guests of Mr. and Mrs. George Jones, Carey Road.

Pat O'Brien Plays Leading Role in Thrilling Romance of the Airways

Studio technicians, who usually can be depended upon to erect Buckingham Palace or the Monte Carlo Casino virtually overnight on a given stage, recently struck one of the most intricate pieces of property work ever called for in duplicating the pilot's control panel on the world-famous flying boat, the China Clipper. The panel takes only five feet of space, but required three weeks to build it.

This involved gadget was constructed at the First National studio for use in a replica of the trans-Pacific airliner built for scenes in the aviation thriller "China Clipper," which comes to the Dominion Theatre today. It was constructed under the supervision of a mechanical executive of the Pan-American Airlines.

"China Clipper" is a thrilling romance of the air, packed with dynamic action. The cast includes Pat O'Brien, Beverly Roberts, Ross Alexander, Humphrey Bogart, Marie Wilson and Henry B. Walthall. Also on the same bill is the musical novelty "Study and Understudy," a color cartoon and The Daily Colonist news reel.

Theatre today and tomorrow. The feature film is Jack London's immortal story of Yukon days, "Call of the Wild," with Clark Gable, Loretta Young and Jack Oakie in the principal roles. On the stage, "Mr. Sampson," a West of England comedy, is offered by a group of talented local players headed by Arthur Legge-Willis.

PLAZA Suppose you could travel all over the globe, interviewing the great men of the world, wouldn't that experience hold a thrill for you? That was the assignment given to James Stewart in "Next Time We Love," the Universal picture starring Margaret Sullivan now at the Plaza.

ATLAS Milton Sperling and Theatre Jack Yellen conceived the original screen story of "Sing, Baby, Sing," Twentieth Century-Fox hit at the Atlas Theatre currently, and in collaboration with Harry Tugend authored the scenario. Alice Faye, Adolphe

BRILLIANT REVUE AT
EMPIRE WEEK-END

What it takes to make a highly acceptable stage revue for which the management need make no apologies on its advance promises, is set forth at the Empire Theatre, where "Jazzies of 1936" opens Sunday midnight with a special Thanksgiving Jubilee Frolic. The revue continues through Monday with four complete shows.

The revue will be presented by that popular comedienne of the New York musical comedy stage, Miss Sylvia Hanley, who will act as mistress of ceremonies, besides presenting her new comedy offering, "Song Oddities." Featured in the revue are those ever popular comedians, Rue and Laura Erno, in their laughable comedy act "All Bent Up." Also in the cast will be "The Tollmacks" in their newest specialty entitled "Poology."

The novelty portion of the show is taken up by the "Puppet Revue of 1936," a novelty mannequin offering of 100 mannequin actors in a fast stage play.

TEACHERS GOING
TO CONVENTION

Permission Granted by Duncan Board—Seeking Instruction Regarding New Curriculum

DUNCAN, Oct. 7.—At last night's meeting of the Duncan Consolidated School Board permission was granted to the teachers to attend the Island teachers' convention at Nanaimo on Friday, October 16, on a division of four to two. A resolution was passed asking the Department of Education to make a ruling on the matter of closing the schools for this convention each year.

Trustee Mrs. Leeming gave a report on the recent teachers' convention at Penticton and the chairman replied on some special phases of the convention.

It was decided to ask H. N. MacCorkindale, superintendent of Vancouver schools, to come to Duncan to confer with the principal and staff of the local schools regarding the new curriculum. It is understood permission has already been obtained from the Vancouver board for the visit. While here Mr. MacCorkindale will be asked to inspect the school, confer with the school board and address a meeting at which the general public will have an opportunity of hearing expert information on the working of the new system. The meeting will be held under the joint auspices of the consolidated board and the Duncan Parent-Teacher Association.

Richman-Merrill
Plane Crash Seen
In Colonist News

THE first pictures of the Richman-Merrill plane crash-up, when the intrepid flyers were forced down when nearing their goal on a round-trip trans-Atlantic flight, are brought to the Dominion Theatre by The Colonist-Universal newsreel today.

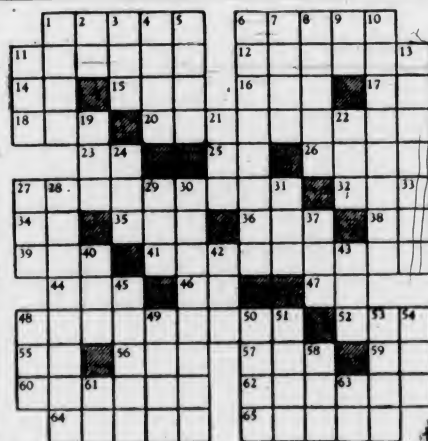

Other epic shots are seen in the terrible hurricane that recently swept the Atlantic Coast, bringing death and destruction in its wake, wrecking homes and causing thousands to flee for their lives. Other shots include the impressive ceremony when war veterans of all nations pray for peace at Lourdes, France; floods that wrecked Texas city and a comprehensive showing of the new Fall styles as modeled by charming girls.

Legion. Other arrangements will be made by the following conveners: Comrades F. Cullin, A. J. Duggan, A. M. Perrins, W. Fish and F. Wilson. Correspondence from the Courtenay branch with reference to a seaside national park at Oyster River Beach was favorably considered, and a petition, signed by all members present.

FINAL REPORT
NIGHT IS HELD

Most Successful Y.M.C.A. Drive Predicted Here—"Clean-Up" Tuesday

Final reports of what is believed to be the most successful membership drive in the history of the local Y.M.C.A. were submitted at a supper meeting last night. H. B. Witter, president of the organization, was in the chair in the unavoidable absence of the chairman of the drive, E. G. Rowell.

Next Tuesday evening, at 6 o'clock, the "clean-up" meeting will be held, when all late memberships will be tabulated and the total figures for entire drive presented.

Memberships reported last night by the various teams were well ahead of the number at the same time in last year's campaign. To date there were 314 memberships, as compared with 248 last year. These enrollments represent a cash value of \$3,194, while last year's represented a cash value of \$2,500.

Major John Johnson's red division was high for the night, with 104 memberships, while W. S. Fraser's team, attached to Naval Peterson's white division, carried off the honors for the most memberships attained by individual teams, with forty-four.

Resigns Office
As President of
Junior Chamber

Resignation of J. N. Findlay, president of the Victoria Junior Chamber of Commerce, was accepted with regret by directors at a special meeting yesterday.

T. E. Watkins, vice-president, will act as president until the annual meeting in the Spring.

Mr. Findlay explained that pressure of business necessitated his resignation.

A general meeting of the Junior Chamber of Commerce will be held October 16 at 8 p.m.

Fine Weather Is
Continuing Here

October continues to provide a real "Indian Summer" for Victoria citizens. Yesterday the temperature rose to 68 degrees, with 67 as the official reading on Wednesday afternoon.

The absence of rain has made perfect weather for late Fall planting by gardeners at home and on the farm. The sunny weather brought out many to parks and beaches and other places enjoyed during the Summer.

No records have been broken so far for October, officials at the Dominion Meteorological Observatory here report. On October 10, 1934, the thermometer registered 71.8 degrees, and on October 3, the previous year, it registered 71.7 degrees.

PORTSMOUTH AND STOKE CITY MEET IN FEATURE

Annual Hill Climb To Be Held Monday At Mount Douglas

Leading Motorcycle Riders Will Compete in Big Event Over New Course—Louis Kealin, of Seattle, to Defend Honors—Special Buses Have Been Arranged to Meet Needs

While leading motorcycle riders prepared their machines in preparation for the annual Thanksgiving Day hill climb, Monday afternoon, at Mount Douglas Park, Victoria, fans looking forward to the event with the promise of new thrills and added spills as the competitors take their "iron steeds" up a steeper and longer course.

The length of the incline has been increased by forty feet and the grade has been made much steeper, according to the Victoria Motorcycle Club officials, who have charge of the arrangements. These changes and a bumper surface should make this year's climb one of the most thrilling since the inception of this popular event many years ago.

The Victoria-Saanich Beaches and Parks Committee, the Saanich Police Department and the Vancouver Island Coach Lines are all lending their efforts towards making the event a success. The Coach Lines will run special buses to Mount Douglas, while police supervision will assure perfect safety for the thousands who are expected to witness the thrilling climb.

KEALIN COMING
Leading riders from Vancouver Island and outside points will vie for honors in the annual hill climb. Louis Kealin, Seattle A.M.A. Club competitor and last year's winner of the P. W. Francis Challenge Trophy, emblematic of the Island championship, will be on hand to defend his laurels. Kealin never fails to place on track and at climbs and is the most outstanding competitor rider in the Northwest this year.

TRIO OF HOOP GAMES TONIGHT

Local Cage Squads Will Play At High School Gym—First Fixture at 7:30

With five of the six quintettes making their season's debut, another trio of basketball fixtures will be played this evening at the Victoria High School gymnasium. The initial fixture will commence at 7:30 o'clock and the final attraction two hours later.

Hudson's Bay, men's senior "C" champions last year, will open their defense of the championship when they oppose the Canadian Scottish in the curtain-raiser.

Two fair sex hoop squads, Cardinals, managed by Jack Taylor, and Burnetts, guided by that veteran player and official, Bob Wain, will take the floor in the second game. Rival squads have their last season's line-ups practically intact and are anxious to get into action again.

FEATURE GAME
The feature attraction, and it should prove to be just that, will be the last game on the card between the Liberty Cafe and Trade-Air, men's senior "B" hoopers. Playing under the colors of the "Island Tugs," the cafe-men had a really smart club. For their opening clash they will trot out a strong line-up and one that should prove troublesome to the Trade-Air. The latter quintette made their bow into senior "B" company on Wednesday evening with a convincing 48-13 triumph over Jennings Florists.

Cricket Will Gain States R. Matthews

TORONTO, Oct. 8 (AP)—Cricket will gain popularity rapidly in Canada during the next two years, Hon. R. C. Matthews, president of the Canadian Chamber of Commerce, said in an address before the Empire Club of Canada here today. Mr. Matthews sponsored the tour of a Canadian cricket team in England this summer in which, he said, he achieved his fondest dream of drawing honor to Canada by dedicating some of the finest teams in England to the support of the game in Canada. "If we are to get it back to the position it once held, stronger opposition must be developed for our younger players."

Nine members of the touring team were guests at the luncheon meeting of the club. The Canadian team, in fourteen starts overseas, lost only one game. Mr. Matthews recalled of seven games incomplete the Canadians were well in the lead, he said. Play of the team drew admiration from experts, players and the press of Great Britain, he stated.

FRALEY WILL OPPOSE KENT IN TOP BOUT

Heavyweights to Headline Tomorrow's Mat Card at Tillicum Gym

Clever Pat Fraley, 220-pound Nebraska pachyderm and one of the most popular wrestlers to ever show at the Tillicum gymnasium, returns to the local place de squirm tomorrow evening to match holds with Harry Kent, rugged Portlander, in the eight-ten-minute round main event of the weekly mat show. Fraley defeated Leo Numa Anderson, Seattle, in the top bout last Saturday, while Kent was victorious over Jules Strongbow, 272-pound Oklahomaan, in the semi-undisputed.

The Nebraska is gradually climbing to top of the heavyweight heap and in doing so has defeated a number of former title-holders. His match with Kent, promising, young Portlander, should provide the fans with good wrestling and fast action.

NOVICE EVENTS
Two events for novice riders, one for 45-cubic-inch machines and the other for seventy-fours, open to V.M.C. members only, are also scheduled. Beautiful trophies presented by the American Motorcycle Association will be held by the winners of these events.

Reeve Crouch, of Saanich, will officially open the climb by sending the first rider away at 2 o'clock. Chief Allan Rankin and members of the Saanich Police Department will be present to clear traffic and handle emergencies, while the St. John's Ambulance Corps will also be on hand.

Reg. Williams, local A.M.A. representative, has been appointed climb director. The day's activities will be wound up with a dance at the Crystal Garden in the evening.

Spout, died at his home tonight after a lengthy illness.

Born in Mount Forest, Ont., he became interested in lacrosse as a young man and for a time played with the Tecumsehs. He came here in 1910 and was a member of the Vancouver team that beat the New Westminster Salmonbellies for the Canadian professional championship the following year.

Age finally forced him from lacrosse and he established an optical business here, which he operated until he became ill some months ago.

Surviving are his eighty-six-year-old father, and a sister, Mrs. J. L. Yule, in Mount Forest, and three brothers, Charley, of Toronto; Dr. W. C. Pickering, of Burham, Ont., and Arthur, in Windsor.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON
The Rise of James E. West—A crippled boy, inmate of an orphanage, was sent to a hospital for treatment. After a year he was dismissed as hopelessly incurable and literally dumped at the doorstep of the orphanage, which refused to readmit him. Cold logic would have appraised as very slight the chances of this bit of will be tossed aside and established a prominent position for himself in society. The friendship little boy of three decades ago has become leader and friend of 7,000,000 boys and men, to whom his own rise from poverty and hopelessness must be the most inspiring of examples. That boy's name was James E. West, now Chief Scout executive of the Boy Scouts of America and editor of its magazine.

Figured in Baseball Trade

Two of the National Baseball League stars of the past five years who figured in another of the game's sensational trades yesterday. Warneke, ace of the Chicago Cubs' pitching staff since 1932, was traded to the St. Louis Cardinals yesterday by Manager Charlie Grimm for First Baseman James "Ripper" Collins and Leroy "Tarzan" Parmelee, powerful right-handed pitcher. When the Cubs failed in this year's pennant race, Owner Wrigley told Grimm to go ahead and build up a team for the 1937 campaign, and so he started by disposing of his mound star. Grimm is expected to trade Woody English, skipper of the team, who played shortstop, and the veteran catcher, "Gabby" Hartnett, along with several more.

Lively Trading to Be Staged in Big Leagues

Clubs Will Go After New Material by Raiding Minors, While Several Cash Deals Will Be Made—New Managers Also Will Be Appointed

By PAUL NICKELSON
Associated Press Staff Writer
NEW YORK, Oct. 8 (AP)—Back on easy street with money in the bank and spectator interest revived, baseball magnates expect one of the liveliest player markets in years this winter.

While there's plenty of money in the cash boxes, good players are increasingly hard to find, so the raid is on in the minors with deals sizzling on the wire. The champion Yankees seem set without player work, however.

Here are the setups, club by club, before the trade winds blow a gale:

AMERICAN LEAGUE
Yankees—Lot of good-looking coming up from Yankee farms. Biggest need is two good starting pitchers and a capable reserve infielder. Manager Joe McCarthy set as manager.

Tigers—Rudy York has been recalled from Milwaukee and will play first base or the outfield, depending on the success of the experiment of moving brittle Hank Greenberg from first to the outer garden. George Tobetto, rookie from Beaumont, may replace Manager Cochrane as catcher. Outfielder Cliff Laabs, obtained from Milwaukee, may play center field with Al Simmons and George Goslin alternating in right. "Pete" Clifton coming back for another try at third base.

White Sox—Crying need is a catcher to replace aging Luke Slaughter and Pitcher Ben Bonura and Pitcher John Whitehead may be swapped for First Baseman Joe Kuhel of Washington.

Senators—Need another infielder and outfielder, who can hit and one good starting pitcher.

Indians—The Indians would settle with a decent starting pitcher. Bob Feller with no strings attached.

Red Sox—Pitchers is the cry in the land of milk and honey. Denny Pondecker, lefty from Little Rock with a corking fastball coming up about with Ted Olson, Dartmouth prospect. Will trade First Baseman Babe Dahlgren for an outfielder of a pitcher.

Browns—Despite reports, there's plenty of cash in the Brownie till but prospects are low with no help in sight. Rogers Hornsby probably will stick as contract has two years more to run.

Athletics—Connie Mack's outlook is very bright. Has two excellent pitching prospects coming up in Alvin Williams and Bud Thomas from Atlanta.

NATIONAL LEAGUE
Giants—Manager Bill Terry's greatest job is to replace Travis Jackson at third and get some batting punch. Terry's first base job will go to Johnny McCarthy, rookie from Newark.

Cubs—The bars are down Owner Phil K. Wrigley wants "the man" who plays ball for keeps and Manager Charlie Grimm has his consent to rebuild from the bottom up. Catcher needed. Dick Seibert, Indianapolis recruit, may land the first base job.

Cardinals—First Baseman Rip Collins and Catcher Virgil Davis on block as bait for pitching talent.

Pirates—A second baseman who can hit is the demand. Good rookies coming up in Outfielder John Dickson from Buffalo and right-handed Pitcher Russell Bayers from Knoxville.

Reds—Reports are that Chuck Dressen may not return as manager. Another heavy hitting outfielder and a good pitcher required.

Bears—Pitcher Lou Pette from St. Paul and Ira Hutchinson, former White Sox pitcher coming up together with Outfielder Frank McGowan, heavy hitter from Buffalo.

Dodgers—New material coming up and possibly change of ownership. Biggest need is a second baseman and shortstop. Outfielder Eddie Wilson, who hit 347 until hit on the head late in the season, returning.

Phillies—Coach Paul Lobert expected to succeed Jimmy Wilson as manager. Outfielder Taubert, from Galveston. Second Baseman Dell Young of Oklahoma City, and Outfielder Morris Aronovich, a good hitter coming back. Right-handed Pitcher Hugh Mulcahy, of Hazelton, regarded as comer.

TWO OF TOP TEAMS TO CLASH SATURDAY IN IMPORTANT GAME

Interest in First Division Swings to Fratton Park Tomorrow When Leaders Battle—Aston Villa Drawing Bigger Crowds This Year—Aberdeen Will Take On Dunfermline Eleven

LONDON, Oct. 8 (AP)—The drawing power of Aston Villa is being reflected in gate receipts. Relegation of the famous soccer club at the end of last season, for the first time in its long history, was termed a "tragedy" in many quarters, but a different view is held now.

The colorful Villans have stimulated interest in the Second Division of the English Football League, and wherever they play record crowds have filled the stands. Efforts to remain in the major league cost the Villa management approximately \$175,000, but with the sustained interest in the team it is likely the money bias will be pretty well replenished by next Spring.

Saturday, Aston Villa goes to Plymouth, and the teams, tied for third place in the league, will play another capacity crowd, all seats being sold by mid-week. Whether the Villa will play without one or more players has not been decided. The all-stars were missing from the squad that played a scoreless draw with Coventry City last week. The home squad will be reshuffled.

Interest in First Division play is intense with four teams bracketed at the top with eleven points. Portsmouth and Stoke City, two of the contenders, clash on the former's ground at Fratton Park. It would not be surprising to see the home squad finish with the maximum points. Brentford has tough opposition in Manchester United, and Derby County may snatch victory at Bolton.

The Arsenal, relying mainly on seasoned players, is steadily losing ground. To bolster their defense staff the Gunners this week signed Frank Boulton, nineteen-year-old goalkeeper of Bath City, minor league club. George Allison, Arsenal pilot, is ill, and completed the deal at his bedside, but the exact amount involved was not disclosed. The Gunners are in eighth place, but so close is the race in the First League they are only four points behind the leaders.

TASKS WEDNESDAY
Arsenal visits Sheffield this weekend, where the Westerners will make four, and possibly five, changes in its team. Manchester City is persisting in a novel experiment, Brook, their international left-winger, has proved a success at center forward, and he will lead the attack against Charlton Athletic at Maine Road.

Tottenham Hotspurs play at Burnley and the Turf Moor Club expects the biggest crowd of the season. The Spurs are having their troubles and will make three changes.

In the Southern Section of the Third Division, Cardiff City is likely to retain leadership at the expense of Queens Park Rangers, visitors at the Welsh city, and Clever North, Northern Section pace-setter, is favored to win from Southport.

RIGHT HANDED HITTER NEVER PRODUCES REAL SWING
Players require many things about their games, while practice swinging on the first tee. You can tell a swinger by the quick easy way he moves his club back and forth. The hitter is indicated by the hurried swing and choppy motion of the club.

In watching a group the other day waiting up before a game over a long island course, I noticed one player in particular. I was struck with the facility of his attempts to swing up. He was a man of average build, certainly not the type known as muscle-bound yet every swing he made was full of effort, and gave no indication of getting easier.

It made me realize the very small chance right-handed hitters have of attaining any freedom for more they try to put into the swing the more the strong side tightens and the easier they try to swing the more difficult it is to maintain any kind of control. The only solution is to favor the left hand.

BARROW REACHES RUGBY CUP FINAL

BARROW, England, Oct. 8 (AP)—By winning its semi-final replay for the Lancashire Cup of the English Rugby League against Barrow here today, Salford earned the right to meet Wigan in the final. The score was 19-13. The first game at Salford ended in a 15-15 tie.

Several U.S. Stars May Be Permitted To Play This Year

TORONTO, Oct. 8 (AP)—Possibility of the Inter-Provincial Rugby Football Union's governors might relent, and permit a few Americans to play this season after all dropped last year, when it was pointed the board under consideration the reinstatement of five players.

Officials of the board of governors will review the cases of Tony Tocco and Stan O'Neill, of Ottawa Rough Riders; Clarence Borel, of the Toronto Argonauts; and Jim Paast, of Hamilton Tiger. The request for reconsideration was made by the union's executive.

Before Roughriders came to Toronto for their game Saturday against Argos, and Tocco moved into Montreal to play the Indians, the governors will decide whether or not they have changed their minds. Little more than a week ago they barred the five—and six other Americans as well—as ineligible under the residence rule.

WESTERN REFEREE TO HANDLE LACROSSE TONIGHT

Hughie Gifford Is Rushed to Toronto Following Protest

New Westminster Official Speeds to Scene of Mann Cup Series Between Orillia and North Shore Indians by Airplane—Both Teams Complain—Series May End This Evening

By ALLAN NICKELSON
Canadian Press Staff Writer.

TORONTO, Oct. 8 (C.P.).—Some- one on the airlines between Seattle and Chicago, Referee Hughie Gifford, of New Westminster, B.C., was en route to Toronto tonight to make up one-half of the officiating force at tomorrow night's Canadian lacrosse championship series game. He is due to arrive here a few hours before game time.

Gifford, considered peer of Coast referees, was telephoned from Toronto by Canadian Amateur Lacrosse Association officials and asked to officiate at the fourth game of the best-of-five series. The action came after the defending champions, Orillia Terriers, and the Western challengers, Vancouver North Shore Indians, protested against the refereeing of Jerry Kendal, of Brampton, Ont., in the third game of the series last night which left Terriers leading, two wins to one.

Gifford accepted and made hurried preparations to catch a plane in Vancouver at noon today. He may be travel-weary at the start of the game—it's certain he will be by the end of the dazzling race the rivals set—because 3,000 miles is a long way to travel in little more than twenty-four hours. The Indians will be glad to see him. They've hardly been partial to the officiating at any time during the series. Coach Andy Paul says his Squamish Braves have had the worst of things and that "slashing wasn't checked nearly close enough."

Many Fine Fish Caught Recently At Cowichan Bay

Coho salmon fishermen enjoyed one of the most successful fishing days of the season Wednesday, at Cowichan Bay, when a big run of fish kept the light-line artists busy reeling them in throughout the day. Many anglers reported catches of from eight to ten of the fighting beauties.

Wallace McMillan, founder of the recently organized Coho Club, and Ted Fatt, both landed twelve-and-a-half-pounders, making them eligible for bronze buttons. These were the only two weighed in out of the many fish taken.

Other catches were taken by Captain W. E. Tapley, fishing with McMillan, a dozen between them; Ted Fatt, fishing with R. F. Dwyer, Vancouver, eight, also another eight the preceding day, and L. Duke and Hugh Bevan, eight coho.

Sunday School Soccer

The third-round matches in the Sunday School Football League will be played tomorrow afternoon, with the kick-off set for 2 o'clock. Emmanuel Baptist will line up against the fast Lake Hill eleven at Victoria High School grounds, with P. J. Woodley handling the whistle. St. Alban's Oaks, the new entry, which is reported to be carrying good scoring ability, will oppose Centennial at Lower Central. Henry Tooby will be in charge. Metropolitans have a bye this week.

Despite numerous bumps, bruises and cuts, however, both teams will be at full strength for the fourth contest.

Terriers will be out to win the game and series, and with it the Mann Cup. If they do, the trophy will stay in their town, seventy miles north of Toronto, for the third straight year.

REDSKINS DETERMINED

The redskins are just as determined to take the game and tie up the round, thus forcing a fifth game, Thanksgiving Day, Monday. They say they'll win both and take the trophy out to the Coast. Should their figuring materialize they'll be the first all-Indian team to win the Dominion title in the twenty-six-year history of the battered trophy.

Ray Baker will be in the game tomorrow, broken finger and all. The tricky Squamish home player suffered the injury in the third game, but played with a special glove last night.

Up in Orillia, "rest" was the order from Coach Ken Macnab, and the boys took him at his word. They didn't even go to work today. With youthful Bryson Kearns and Fred Smith replacing the veteran Andy Tudhope, forty-four-year-old defenceman, and Ernie Botting, sub forward, Terriers feel they have the added speed to end the series tomorrow.

It's close, though—only two goals have separated the palefaces and redskins in each game—that even the most partial fan was loathe to express an outright opinion as to the victor.

OAK BAY CADET WINS TRACK CUP

KINGSTON, Ont., Oct. 8 (C.P.).—Cadet R. H. Garrett, of Oak Bay, B.C., today won the Bonford Cup for the highest aggregate in certain field events at the annual track and field meet of Royal Military College here. He won the hop, step and jump with a distance of 38 feet, 9 inches, and cleared the high jump at 5 feet 2 1/2 inches in the big jump to win that event.

Cadet J. T. Huggill, of Edmonton, winner of the Rensselaer Cup for highest aggregate in the short distance events, set a new record for the 220-yard dash at 24 seconds. He also won the century in 10.5 and placed second in the 440.

Mixed Tourney Carded
There will be a mixed foursomes tournament held at the Uplands Golf Club on Thanksgiving Day. Players will select their partners and opponents, and arrange their own starting times. Two prizes will be given and post entries will be accepted.

First, the fan will ask, how many

of our local competition games were witnessed by the Vancouver members of the commission? Not receiving a satisfactory answer, he will inquire on what grounds they base their statements that for the past few seasons interest in Victoria local competitions has waned, and, finally, he will declare that, even had no interest fallen off, there is no reason to blame the inter-city games, which have brought back many fans who had deserted the game, so they said, forever.

The only "explanation" offered forward to the season with its sweeping shake-up, it was indicated, Charles Weber, secretary-business manager of the club, said other deals were being—mentioned only one—negotiated with New York Giants for outfielder Hank Lober.

TO BE TRADED
Reports also were current that Captain Woody English, Grimm's infield "insurance," and the veteran Gabby Hartnett, a great favorite of Cub fans, will be used for trading bait.

It must be granted that, in point of public interest, inter-city games "dwarfed" the local matches. Figures, showing money handed over to the commission and taken away by our visiting teams, prove this. But we cannot allow that interest in local games has waned so that the claim that inter-city soccer is harmful cannot be upheld.

The keenness, some even call it bitterness, of local games, accounted for the fact that when our boys met for the pick of the province they more than held their own—local games were the nursery of the province-wide competition. Maybe it is to do this keenness that we are debarrd from the major competition.

Had interest in local football been killed, or even scotched, it would not have been possible to run successfully a second division of the league, a high school competition, and the many other games, the success of which was the direct result of the flip given to the game by the showing of our team in the Inter-City League.

As a side issue, one that affects the Mainland only, we are told that over there the game has fallen in its purpose so far that for the past few years they have not developed new playing material enough to run

Chicago Cubs Trade Lon Warneke to the St. Louis Cardinals

Manager Charlie Grimm Starts General Shake-Up By Sending Ace Right-Hander to Pennant Rivals For "Ripper" Collins and Leroy Parmelee

By WILLIAM WHEEKS
Associated Press Sports Writer.

CHICAGO, Oct. 8 (AP).—Owner Phil K. Wrigley wasn't fooling when he told Manager Charlie Grimm to trade any or all of his Chicago Cubs in seeking "punch and color" for 1937.

He proved it today by approving the trading of one of his greatest stars, Lonnie Warneke, about a hearted top hand of the Cubs hurling corps since 1932, to St. Louis Cardinals for Jim "Ripper" Collins.

Both clubs were pleased with the deal. The Cardinals got a much-needed pitcher to team up with the great Dizzy Dean and brother Paul Dean—if the latter regains form—to round out a potentially powerful "big three."

The Cubs obtained a fine fielding first baseman and a powerful hitter, the lack of which probably cost them the title they won in 1935.

DEAN ON THE BLOCK
ST. LOUIS, Oct. 8 (AP).—Dizzy Dean is on the trading block, President Sam Breadon, of the Cardinals, declared tonight, and so is any other member of the "One House Gang" if the terms are right.

"I'd trade Dizzy, but the deal would have to be such that it would bolster the Cardinals," Breadon said. The same goes for any other player we have."

Breadon's attitude is an about-face. In the past he has invariably declared he would not trade his eccentric pitching ace.

Security Prices Advance Again at New York Mart

NEW YORK, Oct. 8 (AP).—The stock market plodded ahead today to a new year peak for the fourth consecutive session.

While trading divided, bulls found action in selected shares. Leading stocks were whirled up to new tops in late trading and American Cyanamid, Yellow Truck, Chesapeake & Ohio and Warren Bros. gained 1 to 4 points.

Measured by the Associated Press average of sixty stocks, the market advanced 1 1/2 points, the highest since May 8, 1931.

Transactions fell to 2,223,000 shares from 3,017,000 in the preceding session.

The late rush for steel shares lifted United States Steel 1 1/2 to 70 1/2 and Bethlehem nearly 2 to 75.

Elsewhere the bull-run was more subdued. Utilities lost favor after an early buying spurt and final prices were mixed.

Relative stability in foreign currencies was marked by slightly higher quotations for the British pound at \$4.88 1/2 and the French franc at 4.873-16.

Bond prices today maintained an upward trend amid a show of special buoyancy in various corporate issues.

In the foreign list Rome rose 1/4 point.

THE TUTTS... By Crawford Young

THE NEIGHBORHOOD LEAGUE By GLUYAS WILLIAMS

How It Started

By JEAN NEWTON

"THERE'S THE RUB!" Signifying "There is the difficulty" or "That's the trouble" this idiom has been in circulation for close to at least three-and-a-half centuries. The earliest recorded use of the expression is said to be by Shakespeare in "Hamlet," III: I, which was published at the turn of the seventeenth century.

We have it from the famous soliloquy, whose "To be or not to be" at any rate is remembered by all of us from our school days.

The lines are: "To sleep: perchance to dream: ay, there's the rub; For in that sleep of death what dreams may come, When we have shuffled off this mortal coil, Must give us pause."

My dear Miss Dixon: I have been married eight years to a man for whom I have the greatest love and respect.

Aside from the little spots that all married people have, we've never known any serious trouble.

You may imagine the shock I suffered when I found out recently that my husband had been unfaithful. I believe it was the first time. It's the one thing I would never have thought of his doing.

I am completely stunned.

HUSBAND "ACTED MAD"

When I convinced him that I knew, he did not try to defend himself. He just acted mad.

Circumstances absolutely will not permit me to do anything but remain with him, although we both agreed that if either should be guilty of such a thing the other should not remain.

There are other considerations now aside from the financial one.

Miss Dixon, please advise me as to the attitude I should take toward my husband while I remain in his house.

Of course, I still have a certain amount of feeling for him, but something has gone out of it all. My faith is shattered.

I feel now my only place in our home is that of a housekeeper.

Should I say any more to him about this, and how can I let him know that even though I remain here, things are not as they were?

From his manner, I'm sure he has no intention of saying anything more to me about the affair.

Please give me your opinion as soon as you can. Thankfully—Mrs. T.B.

THERE IS NOTHING MORE TO SAY

Answer: If you remain with your husband, say nothing more about his unfaithfulness.

What could you say that has not already been said?

If you will face the truth, you will admit that you are leaning on the circumstances that make it more convenient for you to remain where you are.

In a way, they are your excuse for remaining. They give you face. The face is that while your faith has suffered a shattering blow, your love is clinging to life.

This is as it should be. Love suffereth long and is kind. Things will never be the same between you. The dew is off the rose. But there is no reason why you can not come to some sort of understanding whereby so long as you do live together you may live companionably.

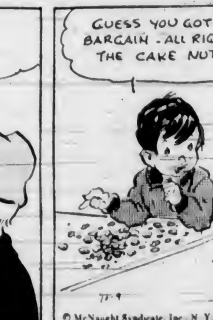

Not only must you refrain from mentioning your husband's disrepute, but you must dismiss it from your own mind, else it will embitter your life and his. Otherwise you will create an atmosphere of violence and gloom in your home from which your husband will be glad to escape.
